EN ISO20471:2013+A1:2016

## EN ISO 20471:2013+A1:2016 Protective Clothing—High visibility warning clothing

This high visibility garment must not be modified. It must be kept clean to be effective. Replace the garment if permanently stained or faded, or otherwise damaged. Regular comparison against a new garment is recommended. The aftercare instructions must be followed as improper treatment may alter the garment's performance. The index number refers to the area of visible material (1 to 3 - where 3 is highest class of conspicuity)

Storage: Do NOT store in places subject to direct strong sunlight. If the garment becomes wet allow to dry at room temperature before storing.

This garment complies with the requirements of EU REGULATION 2016/425 and the above designated standards.

**Declaration of Conformance accompanies this document is available from attachment.**

### IMPROPER USE

Dirty clothing may lead to a reduction in protection and if at any time this garment is un-recoverably damaged, soiled or contaminated, it should be replaced immediately. Dispose of this garment appropriately at the end of its life – textile materials may be re-cycled.

No liability will be accepted for garments where care labels have been ignored, defaced or removed

Limitation of use: this garment should be worn fastened at all times to provide optimum conspicuity.

### AFTERCARE

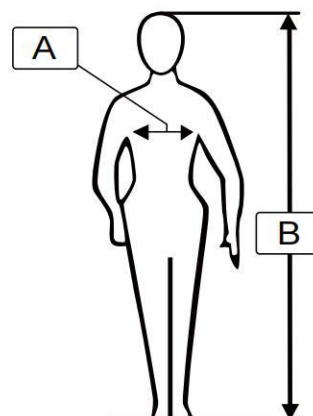

Max. X25 wash cycles  
Do not wash in biological powder.  
Hand or machine wash 40C (Max)  
Do not wring  
Do not use bleach  
Do not iron  
Do not dry clean  
Do not tumble dry

The stated maximum number of cleaning cycles is not the only factor related to the lifetime of the garment. The lifetime will also depend on usage, care, storage etc.  
100% recycled polyester

### SIZES: S-6XL
